For Humanity and Tolerance

Again this year, the approaching Christmas time was a welcome occasion for the Kjellberg Finsterwalde Schweißtechnik und Verschleißschutzsystem GmbH and the Kjellberg Finsterwalde Elektroden und Zusatzwerkstoffe GmbH to support a social project. The two managing directors Dr. Todd Deiß and Anett Wenzel chose the "Indoor soccer tournament for humanity and tolerance".

On 12 December, the tournament took place in the sports hall in Finsterwalde's Saarland street. Twelve teams with a total of 96 players fought for the places 1 to 3. The director of the association Marco Müller reported of an exciting tournament which was followed by many spectators.
